

HALIFAX HURRICANES MINOR BASKETBALL ASSOCIATION

Introducing Danny De Palma

The Halifax Hurricanes are excited to announce that Danny De Palma has joined our club as Administrative and Technical Director.

Danny is currently the Head Coach of the Mount Saint Vincent Mystics men's basketball team. He previously held assistant coaching positions with both the men's and women's basketball teams at Acadia University. Danny has also coached several Nova Scotia Provincials teams.

Danny will take over Trina Steven's administrative duties and handle the club's day to day operations.

The technical director aspect of Danny's position is new to the club and we are very excited about this opportunity. Throughout the year, the Board will be working with Danny to develop player and coach development philosophies and plans. Danny will also be working to establish a series of camps throughout the year. Keep an eye on the website.

Welcome to the club Danny!
